

HELP WANTED

The Village of Marblehead, Board of Public Affairs is accepting applications for a Water Plant Operator. Individuals with a minimum Class I license are preferred but candidates able to obtain a license within two (2) years will also be considered.

Water Plant Operators are responsible for operation of chemical feed systems, required process control, testing and analysis, filling day tanks and calibration of chemical feed pumps. Duties also include performing service order work, meter reads and meter change outs, leak detection, emergency shut off and additional duties as assigned. Operator must have the ability to do heavy manual work under varying weather conditions and to work outside for extended periods and walk long distances. Shift work and holiday and weekend work required.

Application form and job description are available on the village website at <https://www.marbleheadohio.org/government/employment-opportunities/>. Applications and any attachments may be emailed to Fiscal Officer Rhonda Sowers at marblehead.ohio@cros.net or mailed to Village of Marblehead, 513 W. Main Street, P.O. Box 306, Marblehead, OH 43440 and must be received by 4 pm March 6, 2020. Questions may be directed to the Fiscal Officer at 419-798-4074 or Water Plant Superintendent Tony Joyce at 419-798-5836.
